Sole-Source Affidavit

Sole-Source Justification Letter

PREPARED FOR (SCHOOL / DISTRICT) _____ DATE _____

To Whom It May Concern:

This letter certifies that the InTrendType yearbook design systems, page templates, printable kits, and adviser curriculum are original, proprietary works created and distributed solely by InTrendType, a brand of InTrendSick. These materials are the sole source for our specific creative system, editorial framework, and instructional approach; no equivalent substitute is available from another vendor.

InTrendType products are available only at intrendsick.com/type and its authorized storefronts. They are not sold, resold, or distributed through general textbook publishers, school-supply catalogs, or third-party educational wholesalers, and no reseller or distributor is authorized to offer them. Because these works are proprietary to InTrendType and available from no other source, a purchase of them qualifies as a sole-source procurement.

The materials are vendor-neutral with respect to your yearbook publisher — they work alongside any yearbook company and require no contract or reseller relationship — but the design system and curriculum themselves originate exclusively with InTrendType. We respectfully request that this purchase be processed as a sole-source acquisition on that basis.
